We become conscious of our weakness the moment we are placed in some responsible position. We then try to prove equal to the task. If we are ever tempted to go astray, it is this thought which prevents us from doing so. Does the editor ever care to weigh his words when he launches his fiery denunciation day in and day out against the government ? But let him have a seat in the cabinet. No one is so thoughtful, so wise, so farsighted as he. Or take the case of a young man. How reckless and irresponsible he is ! But let him marry and have children. The same wild youth is now transformed into a sober and grave householder.
